PROFILE

Founder & CEO of Caffode, a fully remote studio I co-founded, where I work actively as a full-stack developer. Besides, Office Executive at a company based in Uttara, Dhaka. I work part-time — building websites on one side, running operations on the other — while studying Computer Science. I build with AI integrated into the workflow for a better outcome. I combine hands-on development with real office and sales experience, which means I build with running costs, customers, and deadlines in mind — not just the code. Currently part-time · caffode fully remote, office role on-site.

TECHNICAL SKILLS

Languages: JavaScript, HTML5 / CSS3, TypeScript, Python, PHP
Frontend: React, Next.js, Tailwind CSS, Responsive & Motion UI, Vue
Backend: Node.js, Express, REST APIs, Prisma ORM, Authentication flows
Databases: Supabase, Firebase, PostgreSQL, MySQL, MongoDB
Deploy & Tools: Git & GitHub, Hostinger / cPanel / SSH, Vercel, Linux basics, CI/CD pipelines
Design & Growth: Photoshop, Canva, Figma, Logo & Brand Design, Social Media Marketing
AI Integration: AI-assisted development, LLM APIs in products, Prompt design, AI content & asset generation, Workflow automation

EXPERIENCE

- Founder & CEO**
Caffode — My own company · Part-time · Remote · Actively

Mar 2026 — Present

 - Lead product and engineering: design, build, deploy, and maintain caffode.com and caffode.store end to end.
 - Handle hosting, DNS, database, auth, deployments, and incident fixes without a team.
 - Deliver client work remotely — websites, branding, and social media management.
 - Run the brand side too — identity, product pages, social content, and customer support.
- Office Executive**
Mommy's Choice — Part-time · On-site · Uttara, Dhaka

Jul 2025 — Present

 - Coordinate daily operations, records, and reporting for the office.
 - Support sales and planning with product, pricing, and campaign input.
 - Bridge the gap between the business team and anything technical or web related.
- Office Executive**
KiddoStar — Part-time · On-site · Dhaka

Feb 2025 — Jun 2025

 - Managed scheduling, documentation, and internal coordination.
 - Assisted with promotional content and customer communication.

Office Executive

Mar 2024 — Jan 2025

ITSolution Tech BD — SMM agency · Part-time · On-site · Dhaka

- Handled client records, follow-ups, and daily office execution.
- Supported social media campaigns and client reporting.
- Moved closer to the technical team and started building for the web in earnest.

Teacher

2023 — 2024

Private Tuition — Part-time · 8 months · Dhaka

- Planned lessons and tracked progress for individual students.
- Learned to break complex topics into steps people actually follow.

SELECTED PROJECTS

Caffode Studio Mar 2026 — Present

Production-grade commerce and studio platform — the flagship product of my own company.

Stack: [Next.js](#), [React](#), [Prisma](#), [Supabase](#), [Firebase Auth](#), [Hostinger](#) · <https://caffode.com>

- Role-based admin dashboard — products, orders, customers, and content in one place.
- Firebase authentication with separate admin and customer permission gates.

Shine Wave 2025

Browser game built for the web, monetised with ad networks.

Stack: [HTML5 Canvas](#), [JavaScript](#), [Hostinger](#), [Ad Networks](#) · <https://caffode.store>

- Runs instantly in the browser on desktop and mobile.
- Versioned deploys so players always get the newest build, never a stale cache.

Car Game 2025

Fast browser driving game — pure front-end, zero install.

Stack: [JavaScript](#), [HTML5 Canvas](#), [CSS](#)

- Keyboard and touch controls in one build.
- Lightweight enough to load fast on mobile data.

Portfolio Website System 2026

One codebase, multiple portfolio sites, one selector page.

Stack: [Next.js](#), [Tailwind CSS](#), [Lenis](#), [Vercel](#) · <https://profilea.caffode.com>

- Themed sites driven entirely by CSS variables and data files.
- Motion-graphics backgrounds, cursor-follow glow, and inertia smooth scrolling.

EDUCATION

BSc in Computer Science & Engineering

2025 — Present

[University College of Applied Sciences & Management \(UCASM\)](#)

Currently in second year, studying alongside full-time work.

Higher Secondary Certificate (HSC)

2022 — 2023

[Akij Foundation College](#)

GPA 4.25
